

CLIPPER II FOOT SWITCH

The LINEMASTER Clipper II foot switch was designed with an ergonomic shape and zinc die cast housing that will stand the test of time. The Clipper II is offered in single and twin pedal versions and has been the foot switch of choice in many different applications including construction lift equipment and material handling equipment. It offers an EN 60529 Degree of Protection IP65 (IP68 upon request) which is added environmental protection for the harshest conditions. Please contact Linemaster for a quotation for a custom variation built to your specifications.
