

DELUXE FOOT SWITCH

LINEMASTER® presents the very reliable and ergonomic Deluxe foot switch series. Constructed of cast aluminum, the Deluxe offers a foot print that is not only visually appealing but easy to use. The shape of this switch helps prevent against fatigue that the end user may experience during extended periods of usage. The ribs designed into the cover make for a nice surface that will minimize slippage. The Deluxe is a perfect fit for various applications including communication, image capturing, and door unlocking mechanisms. Available in guarded and multi-pedal versions to satisfy the custom requirements of our customers. Only from LINEMASTER® - American made innovation at work.
