

PREMIER FOOT SWITCH

LINEMASTER® introduces the stylish Premier foot switch. This low profile switch was designed as a circular foot print giving the end user the ability to operate the switch from any point on the cover. Commonly seen being used on material handling equipment and in tattoo shops, the Premier is very versatile and offers the user a reliable, long life foot switch solution. Available with a nickel chrome cover or special paint finish per the customer's requirements. Waterproof and Airval models of the Premier are also available on special order. This omni-directional switch is convenient and great choice. Only from LINEMASTER® - American made innovation at work.
