

## MAINTAINED AQUILINE FOOT SWITCH

The LINEMASTER Maintained Aquiline foot switch offers reliable, high quality, long-life performance at a low cost. Available with a high impact polymeric cover or a robust cast aluminum cover as standard models. The series plug cordset assembly will handle all 125 VAC requirements up to 15 amps and 1/2 HP. Featuring a skid-proof basepad and ribbed cover for sure footed control by the operator. Available accessories for this switch include full and oversized steel guards and our new polymeric awareness cover. Special variations are available to the Original Equipment Manufacturer in production quantities.
